

Remarks:

The applicant has amended independent claims 1, 6, and 10. The antecedent basis for the added terms ("a computing device software driver for the touch screen") can be found at page 9 (line 20) and page 10 (lines 13-17) of the specification. The amendment to claim 10 has further proper antecedent basis in the specification at page 17 (lines 15-17).

The applicant has also amended claims 1 and 6 to include the article "the" in front of "controller". Please see proper antecedent basis in line 8 of originally filed claims 1 and 6.

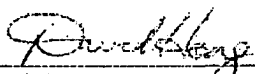

The applicant has cancelled claim 11 without prejudice. No new matter has been added. The applicant respectfully requests consideration of these claims.

Respectfully Submitted,
